# Echte Kroatzbeere

## Echte Kroatzbeere

Germany

Echte Kroatzbeere is a sublime German wild blackberry liqueur. It is recommended to serve this liqueur chilled with Holiday fruitcake or for a real desert treat over ice cream. It is simply delicious.

This gem is made of pure wild blackberries and just bursts with aroma when you open it up. Best served with a small scoop of vanilla ice cream, or crepes with fresh whipped cream. Although it has a bit of a kick, it's also a perfect match next to chocolate mousse!

Open up a bottle and enjoy this fine German liqueur to top off your next meal.

Echte Kroatzbeere is available in cases of 12 x 750 ml bottles
