

# Golden Pheasant

Slovakia

Golden Pheasant is rated as Highly Recommended by the Beverage Testing Institute and was awarded a Silver Medal in the World Beer Championships.

Stanley Stawski Distributing Co., Inc. has been importing Golden Pheasant (known in Europe as Zlaty Bazant) to the USA for the past Fifteen Years. In that time much has progressed with this craft brewery, including many incarnations of their distinctive pheasant motif label and various packaging designs. What has not changed in all of the years of Golden Pheasant's availability is the product's success. This is evident in that it has received many accolades, medals and awards from countless competitions and tastings worldwide; and the fact that knowledgeable beer drinkers everywhere know the name and actively seek it out. We are constantly being faxed, phoned and called by new customers in many states looking to purchase this wonderful product. Geographically, Slovakia is an obvious location for great lager beers. They have access to the best hops, grains and softest water in the world. This and a long brewing tradition is what makes for this very special product. Golden Pheasant is true to the style of the region, being a robust, full flavored beer. It exhibits a great balance between nutty malt flavors, aromatics and delicious noble hop varieties. The finish is clean and refreshing, making Golden Pheasant an easy beer to drink.

Alcohol By Volume: 5%
