Ukraine

Horilka is the Ukrainian word for vodka. It is an ancient term for the spirit first created in Ukraine's heartland almost 1000 years ago.

Soomska Horilka Pryhodko is Ukrainian herb flavored vodka made from 100% neutral grain spirits. Soomska is flavored with Buffalo Grass and St. John's Wort, together with a selection of other fine herbs, and is an authentic horilka for which the Sumy region is so well known.
