Sophia Cabernet Sauvignon

Sophia Cabernet Sauvignon

Bulgaria

Bulgaria is a country with almost 14 centuries of history. It has preserved the mystery of the Orpheus songs, the treasures of the ancient Thracians and the memory of its legendary warriors. You can feel the magnetic spirit of the Bulgarians in this real Bulgarian red dry wine.

This Cabernet provides the major contribution to the quality of red wines from Bordeaux. It is produced in all wine-growing countries worldwide and always yields the best quality wines. In the Sophia wine-growing region it yields excellent wines. This king of red wines is drunk at a temperature 4 degrees below the ambient temperature, but not lower than 55 degrees or higher than 77. It is especially good with dark meat.

Cabernet Sauvignon is available in cases of 12x 750ml bottles.

ABV: 12%
